8. No. of Beneficiaries : **Students: 40 Faculty: 1**

Brief Description with Outcomes:

Dr. V. Krishna Veni, a dedicated Lecturer in the Commerce department at Government College for Men (A), Kadapa, orchestrated the "Student Centric Method: Group Discussion" aimed at third-year B.Com students. The college-level activity, held offline on October 30, 2023, revolved around the theme "Who's inspired by the students' teacher."

The session, involving 40 students and facilitated by Dr. V. Krishna Veni, centered on the mutual inspiration between students and teachers. The absence of external collaborators and resource persons emphasized the student-centric nature of the discussion.

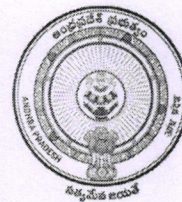

The key outcomes of the "Student Centric Method: Group Discussion" included the active participation of 40 students and 1 faculty member. The discussion provided a platform for students to express their thoughts on the reciprocal inspiration between students and teachers. Dr. V. Krishna Veni's commitment to fostering student-centric methodologies, coupled with Principal Dr. G. Ravindranath's support, contributed to creating a dynamic learning environment. This group discussion enhanced communication skills, encouraged critical thinking, and deepened the bond between students and their academic mentors, enriching the overall educational experience for B.Com students in the academic year 2023-2024.

Brief Description with Outcomes:

N. Lavanya, a Lecturer from the Commerce department at Government College for Men (A) in Kadapa, organized a group discussion session titled "Benefits of Insurance Policies" on January 19, 2023. This activity targeted first-year B.Com students, aiming to implement a student-centric approach through interactive discussions. Eighteen students actively participated in the session, along with two faculty members. Principal Dr. G. Ravindranath's support in executing this event is greatly appreciated.

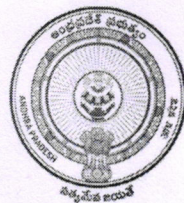

The group discussion focused on raising awareness among students about the benefits of insurance policies. Through engaging conversations facilitated by the lecturer and faculty members, students gained insights into various types of insurance and their significance in personal and financial planning. The session encouraged critical thinking and decision-making skills among the participants, empowering them to make informed choices regarding insurance coverage. Overall, the activity contributed to enhancing students' understanding of financial literacy and risk management, essential for their future financial well-being.

Brief Description with Outcomes:

P. Radhika, a Lecturer at Government College for Men (A), Kadapa, organized a college-level activity titled "Student Centric Method: Group Discussion" for B.Com students in their first year of study. The event, involving group discussions, took place offline on December 15, 2022, at the college level.

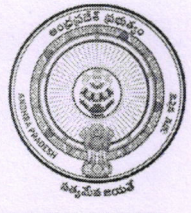

We acknowledge the support of Principal Dr. G. Ravindranath in the successful execution of this student-centric initiative. The collaboration aimed at enhancing student engagement and fostering effective communication through group discussions. The key outcome of the "Student Centric Method: Group Discussion" was the development of critical thinking and interpersonal skills among the participating students.

Brief Description with Outcomes:

N. Lavanya, a Lecturer in the Commerce department at Government College for Men (A), Kadapa, spearheaded an engaging online activity for B.Com students in their second year. Titled "Student Centric Method: Group Discussion," the activity focused on delving into the intricacies of the Stock Market Crash. The event, conducted on August 16, 2019, fell within the academic year 2021-2022. The collaboration involved creating a conducive environment for productive group discussions, aligning with the college's commitment to holistic student development.

The event drew the participation of 20 students, providing them with a valuable platform to enhance their understanding of the stock market. The Student Centric Method employed during the Group Discussion facilitated a dynamic exchange of ideas, fostering critical thinking and analytical skills among the participants.

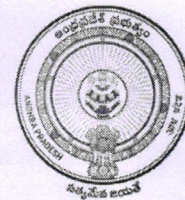

In summary, the activity not only met its objectives but also contributed to the students' knowledge and awareness of the Stock Market Crash. The engaged participation of students and the guidance provided by the faculty underscored the success of the event, aligning with the college's dedication to comprehensive and student-centric education.

8. No. of Beneficiaries : **Students: 24 Faculty: 2**

Brief Description with Outcomes:

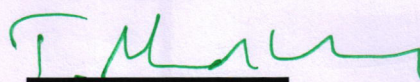

G. Parveen, a dedicated Lecturer in the Commerce department at Government College for Men (A), Kadapa, orchestrated a dynamic "Group Discussion on Budget" during the academic year 2019-2020. This engaging activity, conducted on July 30, 2019, catered to both undergraduate (UG) and postgraduate (PG) students.

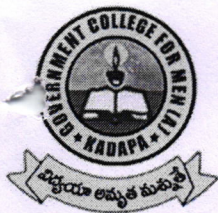

Acknowledging the valuable support of Principal, the Group Discussion aimed to foster participative learning and involved 24 students. SMT. N. Lavanya, a Guest Lecturer in Commerce, contributed as the resource person, enhancing the discussion with her insights.

The Brief Description highlighted that students actively delved into various crucial aspects of central and state budgets, aligning with the college's commitment to holistic commerce education.

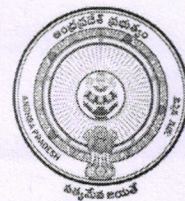

The key outcomes of the Group Discussion on Budget revolved around enhancing students' understanding of economic policies and budgetary processes. The support of Principal underscored the college's dedication to providing enriching educational experiences. The active participation of students, coupled with the guidance of G. Parveen and SMT. N. Lavanya, contributed to a fruitful discussion that deepened students' insights into budget-related matters.

6. Resource Person :
7. Collaborator :
8. No. of Beneficiaries : **Students: 10** **Faculty: 1**

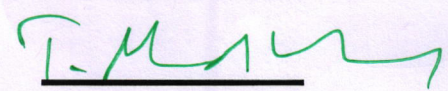

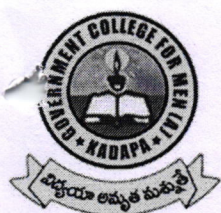

Brief Description with Outcomes:

Dr. A. Nagaraju, a lecturer at Government College for Men (A), Kadapa, organized a stimulating group discussion on the topic of "Financial Crisis." The UG-focused event took place at the college level on December 20, 2018. Ten students and one staff member participated in the exercise, which promoted participatory learning and had the backing of Principal. The cooperative learning strategy sought to increase students' comprehension of the complexities associated with financial crises.

During the Group Discussion, students actively deliberated on the multifaceted aspects of financial crises. The discourse ranged from historical perspectives to contemporary challenges, fostering a comprehensive exploration of the topic. The event succeeded in enhancing students' critical thinking and analytical skills as they grappled with real-world economic issues. The small group setting allowed for focused dialogue, encouraging a nuanced examination of the subject. This activity not only exemplifies the department's commitment to holistic education but also showcases the college's dedication to nurturing informed and thoughtful citizens capable of addressing complex global challenges.

8. No. of Beneficiaries : **Students: 28** **Faculty: 2**

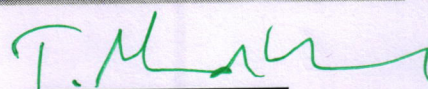

Brief Description with Outcomes:

G. Parveen, a Lecturer in the Commerce department at Government College for Men (A), Kadapa, organized a thought-provoking Group Discussion on "Corruption." The activity, tailored for UG students, took place on December 20, 2018, at the college level. The collaborative effort encouraged participative learning and involved 28 students along with 2 faculty members. The execution of this event was made possible with the support of Principal.

During the Group Discussion on "Corruption," students showcased a nuanced understanding of various aspects of corruption and its profound impact on the economy. The engagement fostered a platform for dynamic dialogue and exchange of ideas, providing participants with a deeper insight into the societal challenges posed by corruption. The success of this activity reflects the commitment of the Commerce department to instilling critical thinking skills among students and addressing contemporary issues. The active involvement of both students and faculty members underscored the significance of collaborative learning in addressing complex socio-economic topics.

Title of the Activity : Group Discussion

Date : 20-07-2023

Year & Group : III B.Sc

The Department of Computer Science, Government college for men(A), Kadapa organized "Group Discussion" activity for the III B.Sc students. Group discussion was held in the Computer Lab1, Department of Computer Science 1.30 pm to 3.30 pm. T.Manohar reddy and Sampath Kumar addressed the outline of the programme and the guidelines for the participants for the group discussion. Anitha Yarava, Lecturer in Computer Science addressed all the participants and delineated the main objectives of organizing group discussion were to enhance confidence, communication skills, leadership qualities, and logical thinking among the participants.

On 20-07-2023, Group Discussion was conducted on the topic "The Impact of Artificial Intelligence on Employment". At the beginning of the session everybody seemed hesitant in expressing their opinion but soon the discussion picked up the pace and the purpose of the discussion, which was to encourage students to speak up and boost their confidence, was fulfilled.

The discussion was between three groups, First group chose to highlight the positives on improvements in technology, Second group comprised of students who perceived negative impact of AI in Employment and the third group was the neutral group that apprised about both the benefits and challenges of AI in employment. Points discussed in the favour of the topic were like "increase labour productivity by automating routine tasks while expanding employee skills and increasing the value of work ". This can lead to increased job satisfaction and productivity. The views against the motion were " that there might be negative impact on the jobs and employment scenario AI applications may execute key tasks currently performed

by humans, which could lower labour demand, leading to lower wages and reduced hiring ". Lastly, we tried to draw attention of the students to summarise and conclude the GD highlighting all the important points' discussed by all the groups.

(Activity Name): GROUP DISCUSSION

Name of the Organizer : M GOVARDHAN
Organizing Department : COMPUTER SCIENCE
Title of the Activity : Group Discussion
Date : 23-03-2023
No. of Students Benefited : 14
Activity conducted for : II BSCs [MCCCS]

Brief Description:

Group discussions for students enhance critical thinking, communication skills, and teamwork. They encourage active participation, diverse perspectives, and the exchange of ideas. Through constructive dialogue and respectful debate, students develop problem-solving abilities, understanding, and confidence. Ultimately, these discussions foster complete learning and prepare students for real-world challenges.

Participative Learning

Name of the Faculty : T Manohar Reddy
Organizing Department : Computer Science
Title of the Activity : JAM
Date : 02nd May 2023
No. of Students Benefited : 44
Activity conducted for : IV Sem MSCS

**Brief Description:**

"Just a Minute" (JAM) is a fun and engaging activity often used in educational settings to improve students' communication skills, quick thinking, and ability to articulate ideas concisely. The "Just a Minute" activity helps students develop several important skills, including public speaking, critical thinking, time management, and improvisation. It also fosters creativity and boosts confidence in expressing ideas verbally. After each round, constructive feedback may be provided to help students improve their speaking skills. Positive reinforcement and encouragement are essential to create a supportive learning environment.

Brief Description with Outcomes:

In the realm of History education at Government College for Men (A) in Kadapa, Lecturer N. Sivaparvathi led a significant academic initiative. The event, titled "Student Centric Method: Group Discussion," aimed to engage B.A students in meaningful discourse. The activity, conducted offline on October 11, 2022, was designed to foster discussions on the topic of "De-Centralization of Capitals" during the academic year 2021-2022.

Acknowledging the importance of student-centered learning, the department collaborated with 24 enthusiastic students for a dynamic group discussion. The focus was on encouraging active participation and critical thinking among the participants, fostering a deeper understanding of the historical aspects related to capital decentralization.
