

Code of Ethics

Government College for Men, Kadapa

The basic responsibility of an Ethical Committee (EC) is to ensure a competent review of all ethical aspects of the project proposals received and execute the same free from any bias and influence that could affect their objectivity. EC should provide advice to the researchers on all aspects of welfare and safety of the research participants after ensuring the scientific soundness of the proposed research through appropriate Scientific Review Committees.

It is expected that each member involved in research- faculty and students will adhere to highest ethical standards of conduct. Highest ethical standards of conduct include data integrity, adhering to ethical guidelines, given from time to time, for carrying out research. Each faculty member and researcher shall follow academic honesty in his/her research work. Faculty and researchers shall be careful not to fall prey to academic dishonesty.

Mechanism for detecting plagiarism
